

Tell us what you think

Proposed Goals:

- *Safety*
- *Economic Vitality*
- *Natural Environment*
- *Equity & Accessibility*
- *Mobility*
- *Connectivity*
- *Active Transportation and Public Health*
- *Coordination*
- *Funding*
- *Maintenance and Preservation*

1. Do you support the goals listed above?

- Yes No

2. Are there any goals or priorities you think are missing?

Safety and Capacity

3. What roads or intersections have the greatest need for improvements to make traveling by car safer and easier for all modes? (i.e. car, bike, walking, transit, etc)

Biking

4. Where in the county do you feel the safest when riding your bike?

5. What roads have the greatest potential to accommodate bikes?

Tell us what you think

6. In what places do you feel unsafe when riding your bike? Why?

Public Transit

7. How could public transit service be improved?

- Add more stops
- Change the route
- Increase bus frequency
- Improve safety at bus stops/on bus
- Increase the service hours

Additional Comments: _____

8. Is there anything else you would like to say about improving public transit service?

Thank You!
