

Lane County Transportation System Plan Update: Last Round of Community Workshops

What is the Transportation System Plan?

The Transportation System Plan (TSP) provides a long term guide to County transportation investments. The plan evaluates the current transportation system and determines how it could be improved to make travel for all modes in Lane County better.

Lane County is currently refining and prioritizing the list of solutions alternatives to include in the TSP. **We need your help discussing solutions priorities given limited transportation funding.** Please join us at one of the community workshops, provide feedback via the back of this flyer, or post your comments on our website linked below.

Major Components of a TSP

We are at this step!

Goals and Objectives	Transportation Conditions	Alternatives Evaluation	Draft TSP	Final TSP
Develop project goals, objectives and evaluation criteria	Review the transportation system to identify current conditions and problems, and determine future needs	Identify and evaluate solutions and projects for the identified needs of the transportation system through 2035	The solutions and projects that best meet the project goals, objectives and evaluation criteria will be incorporated into a Draft TSP	Planning/ County Commissioner Public Hearings, and County adoption of Final TSP.
	Workshop Series #1	Workshop Series #2		Public Hearings

Purpose of the Workshops

The community workshop will include more information about the list of solutions alternatives, and interactive stations for drawing, writing, and talking.

Can't attend? Mail in your comments to the address on the back of this sheet to or provide your comments here:

www.lanecountytsp.org

Lane County Transportation System Plan Update: Comment Form

On a scale of 1 to 5, how important are the following solutions categories to you? (With 1 meaning not important and 5 meaning highest importance).

Safety Solutions..... 1 2 3 4 5

Bicycle and Pedestrian Solutions..... 1 2 3 4 5

Freight/Emergency Route Improvement Solutions..... 1 2 3 4 5

Motor Vehicle Mobility Solutions..... 1 2 3 4 5

Roadway Extensions or New Connection Solutions..... 1 2 3 4 5

Each solutions alternative is mapped on figures available for you to download on our project library website under the heading "Community Workshop Materials: Round #2":

<http://lanecountytsp.org/project-library/>

After reviewing the figures, which projects are of highest priority to you and why?

Thank You!

If you would like to join our interested parties list to ensure you're informed about the Lane County TSP Update process, please put your name and email address below:

Name: _____ Email: _____

Please provide your questionnaire responses by email to Jordin Ketelsen at jnk@dksassociates.com or by mail to 117 Commercial Street NE, Suite 300, Salem, Oregon 97301.

Comment response deadline is July 1st.
